Acadiana Planning Commission
On October 23, 2019, Acadiana Planning Commission received the notice to proceed as the LWI applicant for Region 5. Since inception, the Louisiana Watershed Initiative has promoted collaboration and coordination across political jurisdictions, governmental departments, and other agencies. As the Region 5 applicant and through formal agreements, APC is expected to coordinate 16 parishes within the watershed. It is our hope, that each parish in turn would establish the essential inner-parish coordination to ensure programmatic success.
