Updates:

**Year 1 Action Plan** - On June 24, 2020, Acadiana Planning Commission presented the LWI Region 5 Year 1 Action Plan during a regional steering committee meeting. The action plan highlights the objectives, activities, progress statuses, responsible parties, and deadlines regarding Region 5 Steering Committee activities.

**Call for Projects** - On July 6, the Region 5 Steering Committee initiated a Call for Projects to all entities and individuals within Region 5 to develop the LWI Region 5 Watershed Project List, a comprehensive list of all watershed-related projects and plans that are planned, underway, or recently completed in the watershed region.

**Flood Risk Presentation** - During the July 16 CRS & Floodplain Management Subcommittee Meeting, the LA Office of Community Development (LA OCD) facilitated a presentation on Flood Risk in Watershed Region 5. A recording of the presentation and a feedback tool can be found at planacadiana.org/watershed/region-5-flood-risk/.
Get Involved!
APC has established a formal contact list by which we will communicate program updates and meeting notices to interested Region 5 parties and stakeholders. We encourage you to join the effort and stay informed.

Statewide LWI

The Louisiana Watershed Initiative serves as the program through which floodplain management responsibilities are coordinated across federal, state and local agencies, supported by experts who serve as advisors in building a foundation of data, projects, policies, standards and guidance.

Read more about Gov. Edwards’ long-term vision for statewide sustainability and resilience in Louisiana.

OUR VISION
